

## Reolink Argus Series B320 Bala (forma) Cámara de seguridad IP Interior y exterior 1920 x 1080 Píxeles Pared

**Marca :** Reolink

**Familia de productos:** Argus Series

**Código del producto:** 6976930220242

**Nombre del producto :** Argus Series B320

Reolink Argus Series B320. Tipo: Cámara de seguridad IP, Colocación soportada: Interior y exterior, Tecnología de conectividad: Inalámbrico. Tipo de montaje: Pared, Color del producto: Blanco, Factor de forma: Bala (forma). Ángulo de visión de la lente, diagonal: 100°. Tipo de sensor: CMOS. Zoom digital: 6x

| Desempeño                              |                        | Conexión                            |                                            |
|----------------------------------------|------------------------|-------------------------------------|--------------------------------------------|
| Tipo *                                 | Cámara de seguridad IP | Ethernet *                          | ✗                                          |
| Colocación soportada *                 | Interior y exterior    | Wifi *                              | ✓                                          |
| Tecnología de conectividad *           | Inalámbrico            | Wi-Fi estándares                    | 802.11b, 802.11g, Wi-Fi 4 (802.11n)        |
| Diseño                                 |                        | Bluetooth *                         | ✗                                          |
| Factor de forma *                      | Bala (forma)           | Frecuencia de banda                 | 2.4 GHz                                    |
| Tipo de montaje *                      | Pared                  | Medios de almacenaje                |                                            |
| Color del producto *                   | Blanco                 | HDD incorporado *                   | ✗                                          |
| Indicadores LED                        | Estado                 | Tarjeta de lectura integrada        | ✓                                          |
| Código IP (International Protection)   | IP65                   | Tarjetas de memoria compatibles     | MicroSD (TransFlash)                       |
| Resistente a la intemperie             | ✓                      | Tamaño máximo de tarjeta de memoria | 128 GB                                     |
| Cámara fotográfica                     |                        | Seguridad                           |                                            |
| Ángulo de visión de la lente, diagonal | 100°                   | Construido en la sirena             | ✓                                          |
| Sensor de la imagen                    |                        | Algoritmos de seguridad soportados  | WPA-PSK, WPA2-PSK                          |
| Tipo de sensor *                       | CMOS                   | Tipo de notificación de alerta      | Correo electrónico, Notificación emergente |
| Sistema de lentes                      |                        | Sensor de movimiento                | ✓                                          |
| Capacidad de zoom                      | ✓                      | Tecnología de sensor de movimiento  | Sensor infrarrojo pasivo (PIR)             |
| Zoom digital                           | 6x                     | Control de energía                  |                                            |
| Visión nocturna                        |                        | Alimentación *                      | CC, Solar                                  |
| Visión nocturna *                      | ✓                      | Voltaje de salida CC                | 5                                          |
| Distancia de visión nocturna           | 10 m                   | Amperaje de salida CC               | 2 A                                        |
| Tipo de LED                            | IR                     | Capacidad de batería                | 5200 mAh                                   |
| Número de LEDs de iluminación          | 4                      | Batería recargable                  | ✓                                          |
| Vídeo                                  |                        | Condiciones ambientales             |                                            |
| Máxima resolución *                    | 1920 x 1080 Píxeles    | Intervalo de temperatura operativa  | -10 - 55 °C                                |
| Total de megapíxeles *                 | 3 MP                   |                                     |                                            |

| Vídeo                           |           | Peso y dimensiones     |        |
|---------------------------------|-----------|------------------------|--------|
| Formatos de compresión de video | H.264     | Ancho                  | 71 mm  |
| Velocidad de cuadro             | 15 pps    | Profundidad            | 186 mm |
| Audio                           |           | Altura                 | 71 mm  |
| Altavoces incorporados          | ✓         | Peso                   | 320 g  |
| Sistema de audio                | De 2 vías | Contenido del embalaje |        |
| Micrófono incorporado           | ✓         | Número de cámaras *    | 1      |
